

We had a very productive meeting last week. Mark Shanstrom from the South Pearl Merchants Association was able to join us and discuss their efforts to improve the area.

Our next meeting will be: Wednesday, February 27th, 7pm, Heidi's Deli on the corner of 32nd and Lowell. We'll continue investigating other small neighborhoods.

Decision items:

1. We decided to use the Small Area Planning information from LUTAC's study as our base for future efforts;
2. Jim and Chris will work with the architecture students, encouraging them to follow LUTAC's information;
3. Dave and Matt WILL NOT hold a meeting on February 6th; this item will be deferred until we're farther along in the process.

Still need:

1. Update from Tom on gas tank remediation;
2. Update from Keith on Denver Foundation funding;
3. Your edits to Dave on our goals and objectives for long range planning.

I'll be out of town until February 13th.
