Dear Mr. Moore:

This letter is written in support of your grant application to the U.S. Environmental Protection Agency under its Brownfields Assessment and Cleanup programs. Denver's brownfields program has been instrumental in our community with regard to planning and encouraging the reuse of contaminated or idle property. I am confident that the investment of brownfields dollars in our community will greatly improve the quality of life for all citizens of Denver.

Thank you for the opportunity to comment on your grant application. We look forward to working with the Mayor's Office of Economic Development to identify and remediate any problem sites we find.

Sincerely,
